

Extraordinary Rock and Dance

We came from hither, we came from ho  
and where we're going we just don't know.  
We play it all, rock, rhythm, and funk  
... we don't mind a little junk in the trunk.

Hair band anthems, rock n roll classics,  
throw in a few dance tunes for the plastics.  
Songs about hope, songs about sadness.  
You'll never know with...

King's  
Madness
